To Our Customers:

Consistent Quality - Unique Varieties! These words capture what we do at Green Ridge Tree Farm. We grow top quality trees which give you consistent quality. At the same time we search out unique varieties of trees to satisfy the increasingly knowledgeable market.

We have revised our catalogue to a general format, the catalogue will serve as an educational tool for your customers and will also allow us to update the availability list regularly. In order to receive an up-to-date price/availability list, please call or fax us requesting that information.

Green Ridge Tree Farm is a showcase tree farm. We are proud of the state-of-the-art techniques we use to enable us to control many aspects of growth. Our operation includes facilities such as a refrigerated cooler for storage of spring liners to a modern irrigation system. We are always pleased to take customers through the farm. If you have the opportunity, please call for a personal tour. Green Ridge Tree Farm is conveniently located only 4 minutes from Interstate 65, 40 miles south of Louisville, KY.
