

Quercus rubra (Zone 4)
Red Oak

Red Oak is a large, fast growing, broad headed tree. The large leaves turn from a rich green to deep red in the Fall.

Height: 50' **Spread:** 45' • **Shape:** Rounded
Foliage: Dark green • **Fall Color:** Red

Quercus velutina (Zone 4)
Northern Black Oak

This oak features large, glossy dark-green leaves. Has an oval to rounded crown.

Height: 50' **Spread:** 45' • **Shape:** Oval to rounded
Foliage: Dark green • **Fall Color:** Rusty red

Robinia (Locust)

ROBINIA 'Lace Lady' P.A.F. (Zone 4)
Twisty Baby® Locust

The twisted, irregularly spreading branches of this selection make an unusual outline, especially in winter.

Height: 10' **Spread:** 15' • **Shape:** Irregularly spreading
Foliage: Green, twisted • **Fall Color:** Yellow

ROBINIA pseudoacacia 'Inermis' (Zone 3)
Globe Locust

The formal shape and small size make this tree useful in many landscape situations. Thornless. Requires little to no maintenance.

Height: 20' **Spread:** 20' • **Shape:** Dense, compact, round
Foliage: Medium green • **Fall Color:** Yellowish

Robinia x ambigua 'Idahoensis' (Zone 4)
Pink Idaho Locust

Tolerates hot dry summers and cold winters. The leaflets provide pleasant filtered shade.

Height: 35' **Spread:** 25'
Shape: Upright, ascending • **Foliage:** Medium green
Fall Color: Yellow • **Flowers:** Rose-pink, fragrant

Robinia pseudoacacia 'Purple Robe' (Zone 3)
Purple Robe Locust

A tough fast growing tree. New leaves have a purple tint turning bronze green as they get older. Long lasting flowers in early summer are in deep purple clusters.

Height: 50' **Spread:** 32' • **Shape:** Ascending outward arching branches • **Foliage:** Bronze-green • **Flowers:** Dark purple
Fall Color: Yellowish

Salix (Willow)

Salix alba 'Tristis' (Zone 3)
Niobe Golden Weeping Willow

A golden barked willow with wide spreading head and long, golden, dropping branches. Very graceful.

Height: 40' **Spread:** 60' • **Shape:** Broadly weeping
Foliage: Light green • **Fall Color:** Yellow

Salix babylonica (Zone 4)
Babylon Green Weeping Willow

A wide spreading weeping tree with light green, long and narrow, finely-serrated foliage.

Height: 45' **Spread:** 35' • **Shape:** Weeping
Foliage: Light green

Salix caprea pendula (Zone 4)
Weeping Pussy Willow

Strongly weeping form of Pussy Willow grafted on a standard. Excellent spring color with fuzzy gray catkins.

Height: 5'-6' **Spread:** 6'-8' • **Shape:** Umbrella, weeping
Foliage: Small, medium green • **Fall Color:** Yellow

Salix purpurea pendula (Zone 2)
Blue Weeping Arctic Willow

The blue-green color of it's foliage makes this tree stand out from any other weeping tree.

Height: 8' **Spread:** 8' • **Shape:** Weeping, umbrella-like
Foliage: Silver blue • **Fall Color:** Yellow
