

CERCIS Chinensis (Zone 6b)
Chinese Redbud

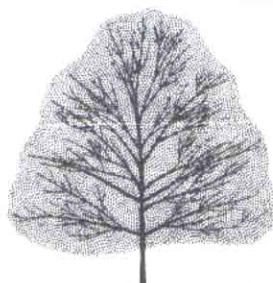

Smaller than Eastern Redbud, it features a dense, compact growth habit. Heavy flower display with rose-pink blooms packed tightly along its branches. Grown multi-stem.

Height: 10' • **Spread:** 10' • **Shape:** Upright dense, rounded
Foliage: Green, thick leathery • **Flowers:** Rose-pink

Cercidiphyllum (*Katsura Tree*)
Cercidiphyllum japonicum (Zone 5)
Katsura Tree

The beautiful heart shaped foliage and the delicate, fine texture make this tree an eye catcher in parks and gardens.

Height: 40' • **Spread:** 40' • **Shape:** Upright and pyramidal when young • **Foliage:** Bluish-green • **Fall Color:** Yellow or apricot orange

Cercidiphyllum magnificum 'Pendulum' (Zone 4)
Weeping Katsura Tree

Tree forms blue-green weeping mounds of cascading branches. 5' std

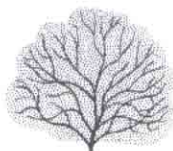

Height: 15'-25' • **Spread:** 20' • **Shape:** Weeping
Foliage: Blue-green • **Fall Color:** Yellow orange

Chionanthus (*Fringetree*)

Chionanthus virginicus (Zone 4)
White Fringetree

One of the most beautiful and striking of the North American Specimen trees. It features dark green, glossy leaves. Needs little maintenance and tolerates city conditions.

Height: 18' • **Spread:** 20' • **Shape:** oval to spreading
Foliage: Dark green • **Fall Color:** Bright golden yellow
Flowers: Fragrant greenish-white clusters

Cladrastis (*Yellowwood*)

Cladrastis lutea (Zone 3)
Yellowwood

Yellowwood has a rounded shape with pendulous clusters of white, very fragrant flowers in early June.

Height: 30' • **Spread:** 20' • **Shape:** Rounded
Foliage: Bright green • **Fall Color:** Brilliant yellow
Flowers: Fragrant white clusters

Cornus (*Dogwood*)

Cornus alba 'Elegantissima' (Zone 2-7)
Tree Form Variegated Dogwood

Foliage is green with white margins. Grown tree form.

Height: 9' • **Shape:** Upright • **Foliage:** Variegated
Flowers: Small white • **Fall Color:** Scarlet-red

Cornus kousa chinensis (Zone 5)
Chinese Kousa Dogwood

Beautiful flowering tree with spectacular star-shaped white flowers in early summer. Red berries in fall attract birds.

Height: 20' • **Spread:** 20' • **Shape:** Upright vase shaped
Foliage: Medium green • **Fall Color:** Reddish purple to scarlet

Cornus kousa 'Milky Way' (Zone 5)
Milky Way Kousa Dogwood

Provides a striking show in late May or early June when covered in creamy-white flowers. Exfoliating bark.

Height: 20'-30' • **Spread:** 20' • **Shape:** Broad, bushy
Foliage: Deep green • **Flower:** Creamy-white bracts
Fruit: Large pinkish-red • **Fall Color:** Reddish-purple
